review of 328 companies.³ Commerce selected Maharaja International (Maharaja) and Mangal Steel Enterprises Limited (Mangal) as the two mandatory respondents for individual examination.⁴

On December 9, 2021, Commerce extended the time limit for completing the preliminary results of this review until April 29, 2022.⁵ For a complete description of the events between the initiation of this review and these preliminary results, *see* the Preliminary Decision Memorandum.⁶

Scope of the *Order*

The merchandise covered by the scope of this *Order* is carbon and alloy steel threaded rod. A complete description of the scope of the *Order* is contained in the Preliminary Decision Memorandum.⁷

Methodology

Commerce is conducting this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). Commerce has calculated export prices and constructed export prices in accordance with sections 772(a) and 772(b) of the Act, respectively. Normal Value (NV) is calculated in accordance with section 773(e) of the Act. For a full description of the methodology underlying these preliminary results, *see* the Preliminary Decision Memorandum. *See* Appendix I for a complete list of topics discussed in the Preliminary Decision Memorandum. Rate for Non-Examined Companies

The Act and Commerce's regulations do not address the establishment of a rate to be applied to companies not selected for examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally "an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely {on the basis of facts available}."

Where the dumping margin for individually examined respondents are all zero, *de minimis*, or based entirely on facts available, section 735(c)(5)(B) of the Act provides that Commerce may use "any reasonable method to establish the estimated all-others rate for exporters and producers not individually investigated, including averaging the estimated weighted average dumping margins determined for the exporters and producers individually investigated."

In this review, Commerce preliminarily determines that the estimated weighted-average dumping margins for both Maharaja and Mangal are zero percent. Therefore, in accordance with section 735(c)(5)(B) of the Act, we are preliminarily applying to the 326 companies not selected for individual examination a rate of zero percent, because we calculated rates of zero percent for both mandatory respondents (*see* Appendix II for a full list of these companies).

Preliminary Results of the Review

Commerce preliminarily determines that the following estimated weighted-average dumping margins exist during the period September 25, 2019, through March 31, 2021:

Exporter/Producer	Estimated Weighted-Average Dumping Margin (percent)
Maharaja International	0.00
Mangal Steel Enterprises Limited	0.00
Non-Examined Companies ⁸	0.00

Assessment Rates

Upon issuance of the final results of this administrative review, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.¹³ If a respondent's weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.5 percent) in the final results of this review, we will calculate importer-specific *ad valorem* antidumping duty assessment rates based on the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). We intend to instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is not zero or *de minimis*. Where an importer-specific assessment rate is zero or *de minimis* in the final results of this review, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties in accordance with 19 CFR 351.106(c)(2). If Commerce calculates margins above *de minimis* in the final results of this review, we intend to instruct CBP to take into

¹³ See 19 CFR 351.212(b)(1).

account the “provisional measures deposit cap,” in accordance with 19 CFR 351.212(d). The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review and for future deposits of estimated duties, where applicable.¹⁴

In accordance with Commerce’s “automatic assessment” practice, for entries of subject merchandise during the POR produced by Maharaja or Mangal for which these companies did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.¹⁵ For the companies which were not selected for individual review, we will assign an assessment rate based on the review-specific average rate, calculated as noted in the “Preliminary Results of Review” section above.

We intend to issue instructions to CBP no earlier than 35 days after the publication date of the final results of this review in the *Federal Register*. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the *Federal Register* of the notice of final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed in the final results of this review will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of the

¹⁴ See section 751(a)(2)(C) of the Act.

¹⁵ For a full description of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment of this proceeding in which they were reviewed; (3) if the exporter is not a firm covered in this review, or the original investigation but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 0.00 percent, the all-others rate established in the less-than-fair-value investigation, adjusted for the export-subsidy rate in the companion countervailing duty investigation.¹⁶ The cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

Commerce is issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Dated: April 28, 2022.
